PROFESSIONAL PROFILE

I am IT Molosiwa, a junior software developer with a strong foundation in JavaScript, Next.js, React, Angular and Java, complemented by MySQL for database management. As an entry-level employee, I bring a passion for learning and a commitment to delivering high-quality code. My hands-on experience in full-stack development has equipped me with the skills necessary to contribute effectively to any development team.

EXPERIENCE

Merchandiser 2015 - 2016

Boxer Superstore, Rustenburg

Keep track of inventory, create attractive displays, and make sure products are well-organized.

General Worker 2019 - 2020

Paardekraal Primary School, Rustenburg

Keep the yard clean and handle maintenance tasks. I make sure the area is tidy, dispose of trash, and maintain the landscape. I also perform basic repairs and upkeep to ensure everything is in good working order.
